

AdvanceMent Freiburg – the mentoring program for advanced doctoral candidates and early career postdocs – goes into its 3rd round! The application period begins on **1st of March 2022**. Please be aware of the following deadlines for application for the respective program lines:

Application deadline @newpathways: 14th of March 2022, 10am

Application deadline @academia: 21st of March 2022, 10am

What is **AdvanceMent Freiburg**?

The program is open to members of all faculties and all genders. It is geared towards advanced doctoral candidates who are on the brink of either entering a postdoc career or building a career outside academia, as well as early career postdocs on the same tracks. The program aims to support researchers in their professional development in this crucial phase – whether they are aiming for a career in academia (**@academia**) or see their future outside academia (**@newpathways**). The scheme combines one-to-one mentoring and peer group counselling with training and networking events. Please note: A good knowledge of German is necessary in order to be able to take part in the program.

Did we spark your interest? We invite all potential applicants to find out more about the program and the application procedure in our digital **information event** which takes place on

23rd of February at 12-1.30pm on Zoom

Please register for this event via email: AdvanceMentFreiburg@zv.uni-freiburg.de.

We will send you the login data along with the confirmation mail.

Please note: The event will be held in German. A basic/good enough knowledge of German is also necessary in order to be able to take part in all elements of the program (such as workshops and network events).

The program will run for 15 months, starting in June 2022. Please visit our website for further information on the application process and the program: <https://www.frs.uni-freiburg.de/de/mentoring>.

If you have any queries the website does not answer, feel free to contact Dr. Rebecca Bitenc, rebecca.bitenc@zv.uni-freiburg.de.
